In a hurry? Order from your golf cart or directly on our app

### Takeout Menu

Pick up your favorite pizzas, burgers, salads and sandwiches or elegant dinners to go!

Order with a craft brew or local wine.

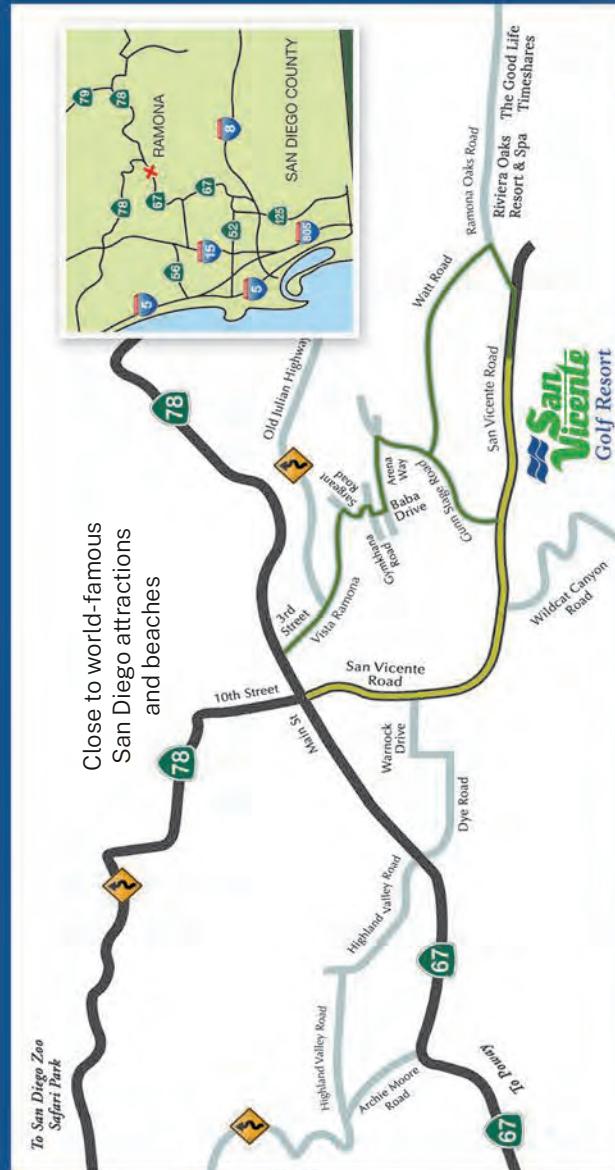

# San Vicente Golf Club invites you to reimagine the game.

San Vicente Golf Resort's award-winning renovated greens and bunkers offer a one-of-a-kind golf experience in San Diego County. The five sets of tees ranging from 4,483 yards to 6,822 yards, allow every skill level of golfer to sweep across golf landscapes that enhance the venue's natural terrain and stunning mountain views.

Redesigned bunkers protect the greens, yet each bunker is playable. And large green surrounds, or collection areas around the greens, allow players to choose from a variety of shots — including putting from off the green. Golfers will also see forgiving landing areas off the tee and risk rewards on approach shots, while the new greens offer breaks and slopes that present players with a challenging — but fair — test.

## Our golf course includes:

- All new green complexes and bunkers
- Focused “inland links” that center on the ground game, creative approaches and short grass areas
- Strategic green designs that emphasize the selection of the correct angle of approach
- Pin locations on each green complex that will offer a moderate approach or a more aggressive option for all levels of players

Close to world-famous  
San Diego attractions  
and beaches
